Region 3:

Deliberative Process / Ex. 5

- **Five PA Facilities Tagged for Accepting PCB-laden Fill:** Four notices of non-compliance (NON) and information request letters (IRLs) and one IRL were sent to five facilities in Pennsylvania that currently hold PADEP Beneficial Use and Clean Fill permits. The facilities receiving the NON/IRLs are Hazleton Creek Properties Inc., Coplay Aggregates, Inc., Bethlehem Earth, Inc., and Phase III Environmental, Inc. All four facilities have received materials containing PCBs equal to or greater than 2 ppm, that has been used as construction material or fill. The IRL was sent to the Allegheny County Redevelopment Authority. EPA has been coordinating with PADEP to explore options to revise the Beneficial Use Permit and the Clean Fill Policy to only allow use of materials containing less than 2 ppm of PCBs. (OCE)
